Index	Item	Description
1	Security keyhole	Your computer comes with a security keyhole. You can purchase a security cable and lock to fit this keyhole.
2	USB connectors	The Universal Serial Bus connector is used for connecting devices compatible with a USB interface, such as a printer or a digital camera. Note: Your computer is compatible with USB 1.1 and USB 2.0.
		The Universal Serial Bus connectors are used for connecting devices compatible with a USB interface, such as a printer or a digital camera.

3	eSATA/USB combo connector	Note: Your computer is compatible with USB 1.1 and 2.0. You can also connect an external SATA device, such as an external hard disk drive, to this connector on some models. Note: To avoid damaging the connector, be careful when you attach a cable from the external SATA device to the connector.
4	ExpressCard slot	Your computer has the ExpressCard slot for a 34 mm-wide card.
5	Media card reader slot	Depending on the model, your computer may have a media card reader slot. The media card reader supports the following cards: • SD card • SDHC card • SDXC card • MultiMediaCard Note: Your computer does not support CPRM feature for SD card.
6	Wireless radio switch	You can use this switch to disable the wireless radio of all the wireless devices on your computer.
7	Serial Ultrabay enhanced	Your computer has a bay for serial Ultrabay™ enhanced devices. An optical drive is installed in the bay. Note: You can install a 9.5-mm-thick serial Ultrabay slim or a 12.7-mm-thick serial Ultrabay enhanced device in the serial Ultrabay enhanced.
8	Combo audio jack	To listen to the sound from your computer, connect a headphone or a headset that has a 3.5mm 4-pole plug, to the combo audio jack. Notes: • If you are using a headset with a function switch, for example, a headset for an iPhone® mobile digital device, do not press this switch while using the headset. If you press it, the headset microphone will be disabled, and the internal microphone will be enabled instead. • The combo audio jack does not support a conventional microphone.
